EDUCATION

Ukrainian State University of Science and Technologies

Bachelor's degree of software engineering (2018-2022);

Master's degree of software engineering (2022-now);

SUMMARY

At university, I learned the fundamental principles and practiced various programming languages such as C#, C++, Dart, SQL, and Prolog. Additionally, I gained experience in technologies such as Windows Forms, WPF, Microsoft SQL, and MySQL. I also acquired a solid understanding of design patterns, particularly object-oriented programming (OOP) and SOLID principles.

SKILLS

HTML5

JavaScript

CSS

SCSS

TypeScript

React

Vue 3

Git

LANGUAGES

Ukrainian, Russian - native

English - pre-Intermediate
